**STATE OF NEW HAMPSHIRE
SITE EVALUATION COMMITTEE**

RE: Application for a Certificate of Site and Facility)
By Antrim Wind Energy, LLC)
SEC Docket Number 2015-02)

MOTION TO INTERVENE *PRO SE* OF KEN HENNINGER and JILL FISH

Pursuant to the New Hampshire Site Evaluation Committee Rules Site 202.11 and RSA 541-A:32, Jill Fish and Ken Henninger hereby move for permission to intervene *pro se* in the above-referenced proceeding. In support of their Motion to Intervene, Ken Henninger and Jill Fish offer the following arguments:

- (1) Ken Henninger and Jill Fish can demonstrate a substantial interest which may be affected by the outcome of the proceeding.**

Our primary residence is located on Route 123 in Stoddard, very close to the Antrim/Stoddard town line and close to the proposed wind turbine installation on the Tuttle/Willard ridge. We also own property with a house on Salmon Brook Road in Antrim. This property is used as a recreational cross-country ski facility and is located less than three-quarters of a mile from the proposed turbines. Both of our properties would have unobstructed views of the wind facility.

- (2) The interest of Ken Henninger and Jill Fish will not be adequately protected by other parties.**

In exercising its discretion, we respectfully ask that the Committee consider whether the party's interest will be adequately protected by other parties. Since we, as landowners of property in both Stoddard and Antrim close to where the proposed wind facility would be constructed, are concerned that our interests have not been fairly addressed thus far by the Town Boards of Antrim, we do not believe that any other party to this proceeding can adequately represent our interests in proceedings before the Committee.

- (3) The intervention of Ken Henninger and Jill Fish will be in the interest of justice and will not impair the orderly and prompt conduct of the proceedings by allowing the intervention.**

Pursuant to the SEC Order of December 4, 2015, Ken Henninger and Jill Fish file this Motion to Intervene by the deadline set forth by the Committee for Docket 2015-02 and request that we be permitted to intervene with full standing to participate in all phases and activities of the proceeding. We respect the importance of conducting this proceeding in an orderly manner that will not unduly delay the Committee or the parties in reaching an outcome. We are prepared to work closely with other parties to the proceeding in the interest of maintaining order and respectfully offer that our participation, if permitted, would be in the interest of justice.

Dated this 14th day of January, 2016.

Respectfully submitted,

Ken Henninger, Electrical Engineer
